## PREPARED BY

## NIMROD KGOSIMORE

# Background

Skido Tools (Pty) Ltd is a software company registered under Companies and Intellectual Property Authority, Botswana – incorporated August 2018. The company was founded by Mr. Nimrod Otsile Kgosimore. Skido Tools was established to assist fill in the gap in the software development market in Botswana from computer software and website/staff portals to your mobile applications.

With our generation being technology driven and our country being in lag, Skido Tools aims to provide and introduce new technologies that our country does not have currently and even bring more innovative solutions without frontiers.

We are not Yahoo or Google but you'll surely find what you're looking for here.

# Mission

To provide quality & excellent software services and products that are wholly client satisfactory.

# Vision

To build upon a reputation of being one of the most innovative software developing companies. We believe in doing our work in the most efficient way hearty and organized with gradual development from hard-work to smart- work culture.

- Vector Development
- Zigo (Kenya - Previously known as Farmtrail)
- Crowd View Maseru (Lesotho)
- Motshelo Group - website
- Varsity Connect - website
- BW Photographers Awards - website

# Sponsorship & Community

We have in 2020 partnered with Africacomicade (Nigeria) the host of Africa's first and biggest gaming hackathon (virtually due to COVID-19 constraints) to help them make the dream a success together.

We have also built a few websites pro-bono for some religious institutions like Bethel Transfigaration Church.

We are also currently working on an in-house solution to assist with Human Elephant Conflict in the NG-12 and other affected areas in Botswana.
